

Welcome to PTC University!

Your PTC University subscription provides access to all learning assets included in your specific subscription. Follow the steps below to identify and enroll in a learning asset.

PTC University is available to you 24 hours a day, 7 days a week.

1. Login to PTC University (<http://www.ptc.com/learning>) using your ptc.com username and password.
 - Your username is typically your email address.
 - To reset your password click [here](#).
2. When you have successfully logged into PTC University, click the Learning Catalog tab at the top of the page.

3. On the **Learning Catalog** page, use the search fields located on the left side to find a learning asset. All search fields are optional and cumulative. You may choose to leave all search fields blank and click **Go** to view the entire catalog.
 - In the example below, the search fields are Product Line = Pro/ENGINEER and Delivery Format = Web Based Training
 - **Tip:** Most self-paced subscriptions include e-Knowledge Asset, Recorded Virtual Class and Web Based Training delivery formats

If you would like to see a diagram of the recommended learning path for your job role, click here.

Learning Catalog

The learning catalog will display all the learning resources available to you, including Instructor Led Training and Distance Learning. If you would like to see a diagram of the recommended learning path for your job role, click [here](#).

To search the catalog, use the left toolbar. All criteria selected is optional and cumulative. You can search the [full catalog](#), which will display all the learning options available to you. Or, by [instructor-led](#), which will show you a specific date, time, and/or location of a course, both classroom-based and virtual.

If your search does not result in any learning assets, reduce the amount of search criteria and try again.

If you are having trouble finding a particular learning asset, look at the entire catalog by leaving all search fields blank, or try a different keyword.

For a brief demo on searching the learning catalog and submitting a registration request, select one of the following links: [Class Registration](#) [Product Registration](#)

Our learning catalog is divided into topic areas aligned with the three essential capabilities of PTC's Product Development System: Create, Collaborate and Control. Click the sections above to view the product lines contained in each area.

4. When the search results appear, all assets matching the search criteria are listed. **All items included in your subscription have a price of 0.**
- **Tip:** Clicking the Price column heading changes the sort order so that all 0 price items are listed first.

8. Occasionally, you will be prompted to re-enter your username and password when accessing online content. Use the same username and password used to login to PTC University.

The image shows a Windows-style dialog box titled "Connect to www.ptc.com". It features a blue header bar with a question mark icon and a close button. Below the header is a yellow background area with a key icon. The main content area is white and contains the text "PTC - Online Services". There are two input fields: "User name:" with a dropdown arrow and a "Password:" field. Below the password field is a checkbox labeled "Remember my password". At the bottom are "OK" and "Cancel" buttons.

For additional information or assistance, visit the PTC University [help page](#). From this page you can access Frequently Asked Questions or open a support case to receive assistance from the PTC University Support team.

You may access the help page from the PTC University site by clicking the help link prior to logging in, or the help (question mark) icon at the top of every PTC University page after logging in.
